15TH—16TH APRIL 2015

We invite you to join us at the 1st Annual Meeting of the DISTINCTIVE University Consortium.

Come and engage with a growing research and development community concerned with nuclear waste and decommissioning issues in the UK. The meeting will bring together academics, researchers and industrial stakeholders from across the UKs civil nuclear sector . Keynote presentations will also be given by two internationally leading speakers. As such, the event will provide an invaluable opportunity to promote collaboration and to foster knowledge exchange.

By attending you will gain an overview of the programme and the advances made within its first year.
